Programme Sectors

Climate Science [\(/horizon-europe/climate-mobility_en\)](/horizon-europe/climate-mobility_en)

Developing mitigation and adaptation strategies and policies tackling the global climate crises based on understanding its causes, evolution, and impacts.

Energy Supply [\(/programmes/horizon-europe/energy-supply-horizon-europe_en\)](/programmes/horizon-europe/energy-supply-horizon-europe_en)

Supporting the transition to a reliable, sustainable and competitive energy system.

Energy Use [\(/programmes/horizon-europe/energy-use-horizon-europe_en\)](/programmes/horizon-europe/energy-use-horizon-europe_en)

Support to efficient, sustainable and inclusive energy use.

Transport & Mobility Research [\(/programmes/horizon-europe/transport-research-horizon-europe_en\)](/programmes/horizon-europe/transport-research-horizon-europe_en)

Making the transport and mobility sector more environment-friendly, more efficient and competitive, smarter, safer and more resilient.

About

Horizon Europe https://research-and-innovation.ec.europa.eu/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe_en

Horizon Europe is the EU's key funding programme for research and innovation with a budget of €95.5 billion. It tackles climate change, helps to achieve the UN's Sustainable Development Goals and boosts the EU's competitiveness and growth.

EU Missions https://research-and-innovation.ec.europa.eu/funding/funding-opportunities/funding-programmes-and-open-calls/horizon-europe/eu-missions-horizon-europe_en

CINEA is managing and implementing three of the five missions under the Horizon Europe framework programme. These missions are: Adaptation to Climate Change, Restore our Ocean and Waters by 2030 and 100 Climate-Neutral and Smart cities by 2030.
